

TWENTY-THIRD YEAR No. 14

# U.F.A. TWO-DAY CONVENTION AT GLEICHEN

JULY 30th and 31st

A U.F.A. public Convention of the Bow River Constituency is to be held in Gleichen on July 30th and 31st, when it is expected there will be present about 250 members and friends.

The Gleichen Board of Trade is arranged to take care of the big crowd and will have a hot camp in good condition.

J. C. Garbutt, M.P., will be present to address the gathering among other speakers and the meeting will be open to everyone.

A big dance will be arranged for the first night and motion pictures for the second.

Further information will be made public as the details for the Convention are prepared.

## BOXING SHOW ATTENDED BY A GOOD CROWD

Promoter Jack Moss may well be satisfied with the business he has done in the Gleichen Community Hall last Saturday night. Every available seat was occupied and many stood throughout the two-hour entertainment and practically everyone expressed themselves as well pleased and that they had full value for the money in witnessing the performance as the best ever attempted in this town, but a few stated it was better than anything they have seen in a long time.

There was excitement from the moment Jack Moss appeared to announce the opening bout between the juvenile contest between Master Mermon Scheep and Buster Roscoe. The two little fellows put on a fine little show that pleased every person.

There was Buster's first appearance in the ring and he was naturally a little bit nervous, but he was called in by his uncle, Norman, the referee gave Norman the decision, which was much to the satisfaction of the crowd.

Bonnie Daines, the former Missioui winner, who has been making many big wins of late, scored a knock-out over Young Miss Thompson of Calgary in the semi-final. Daines put her opponent down for the count of six in the second round, when the latter was hit.

The "chick" came in in the third round. The referee has improved in his boxing.

Chas. Greiner of Calgary, knocked out Danny Jackson of Winnipeg in the third round. Jackson went down for a count of five and was hardly up when another blow put him out for the count.

Both the bouts were well received by the big crowd of spectators, who were not slow in expressing approval as each progressed.

The big battle of 12 rounds between Champion Mel Cowie and Eddie Reddy was declared a draw by the referee. Both Daines, while there was no disagreement with the decision at the time many claim Cowie had it in points in at least eight of the twelve. Nevertheless, it was a good exhibition all through, which is the main thing that counts in boxing.

Jack Moss has gained a reputation as a live promoter, and he is assured of a good crowd when next he announces his boxing show, which is expected to be in full swing after the holiday season.

Munday is Dominion Day and a public holiday for all.

# MISS YOUNG'S SUCCESSFUL PIANO RECITAL

Miss Young's annual piano recital held in the Gleichen Community Hall last Friday evening proved more successful than any of the three previous recitals and greatly pleased the good crowd of parents and friends present. Mrs. M. Corcoran was once more the chairman and kept all going nicely. The recital was a most successful one, very noticeable from the small crowd and the descriptive numbers materially enhanced the pleasure of the splendid entertainment.

The highly program was carried through to a happy close.

Diets, Dorothy Murray and Florence Holland, "Prelude of the Demons", Solo, Helen McIntyre, "Moon Shimmer", Solo, Betty Hutchison, "Fireflies", Cello.

Solo, Marjorie Pifer, "Sunshower", Solo, Dorothy Murray, "Jasmine", Solo, Marie Michale, "Strolling", Solo, Erik.

Solo, Margaret Cuthbert, "March in C", C. Hamel, Solo, Peggy Yates, "Allergic", Cello.

Solo, Allison Evans, "In Schubert's Time", Kretzschmar.

Solo, Frank Michael, "The Quail", Diets, Miss Young and Marie Michale, "Aria".

Solo, Rita Young and Mabel Mar, "At Evening", Low.

Solo, Florence Holland, "Russian Romance", Frits.

Location Number: "Wedding March", Lehmann.

Played by Dorothy Murray and acted by four children as brides and bridesmaids, Margaret Cuthbert, Marie Michale, Frank Michael and Frank Malloy.

Solo, Rita Saunders, "Dancing Wavels", Aaron.

Solo, M. Mermon, "Climbing", McLaughlin.

Solo, Lorna Corcoran, "Dancing Joyce", Anthony.

Solo, Margaret McIntyre, "Sparkling Fireflies".

Solo, Helen Corcoran, "Skating", McLaughlin.

Location Number: "The Ghost", Wright.

Solo, played by Allison Evans, The Ghost, Jeanette Gutman.

# Dominion Day Programme

The success of the tag day has assured the Gleichen Canadian Club excellent of ample funds to give a splendid day's sports for Dominion Day for the boys and girls of this district which is augmented by other generous contributions.

11 a.m.—Ceremony of breaking the flag, under the direction of Major Lewis.

NOON—Private picnic parties in the C.P.R. Park. It is hoped that as many as possible will come and bring their lunches.

2:30 p.m.—Children's Sports to be held at the Agricultural Grounds.

BOYS AND GIRLS SPORTS

Boys and Girls, 6 to 7 years, 25 yards.

Boys and Girls, under 6 years 25 yards.

Girls, 7 to 9 years, 25 yards.

Girls, 10 to 12 years, 50 yards.

Boys, 10 to 12 years, 50 yards.

Girls, 13 to 15 years, 75 yards.

Boys, 13 to 15 years, 75 yards.

Boys, 16 to 18 years, 100 yards.

Boys, 19 to 21 years, 150 yards.

Boys, 22 to 24 years, 200 yards.

Girls, 25 to 27 years, 250 yards.

Girls, 28 to 30 years, 300 yards.

Girls, 31 to 33 years, 350 yards.

Girls, 34 to 36 years, 400 yards.

Girls, 37 to 39 years, 450 yards.

Girls, 40 to 42 years, 500 yards.

Girls, 43 to 45 years, 550 yards.

Girls, 46 to 48 years, 600 yards.

Girls, 49 to 51 years, 650 yards.

Girls, 52 to 54 years, 700 yards.

Girls, 55 to 57 years, 750 yards.

Girls, 58 to 60 years, 800 yards.

Girls, 61 to 63 years, 850 yards.

Girls, 64 to 66 years, 900 yards.

Girls, 67 to 69 years, 950 yards.

Girls, 70 to 72 years, 1000 yards.

Girls, 73 to 75 years, 1050 yards.

Girls, 76 to 78 years, 1100 yards.

Girls, 79 to 81 years, 1150 yards.

Girls, 82 to 84 years, 1200 yards.

Girls, 85 to 87 years, 1250 yards.

Girls, 88 to 90 years, 1300 yards.

Girls, 91 to 93 years, 1350 yards.

# ASSOCIATED GROCERS MET IN GLEICHEN LAST WEEK

Fifteen grocers from Calgary and five other delegates for Gleichen, Banana, Namaka and Dalmenai, all members of the Associated Grocers Ltd. met in the club room of the Gleichen Community Hall for one of their regular weekly meetings. Arriving by bus from Calgary at a late hour, the members immediately proceeded with business matters.

Mr. A. C. Jeffery of Calgary occupied the chair. Before actual business commenced N. T. Percall conveyed to the members an expression of welcome as embodied in a resolution of the Gleichen Board of Trade of June 10th and also speaking as mayor welcomed them to the town of Gleichen.

Mr. Harry Evans, vice-president, of the Association replied on behalf of the members and thanked Mayor Percall and the Gleichen Board of Trade for their expression of good will and words of welcome.

Much interesting business of the Association was disposed of and at 11:15 the meeting adjourned for supper. At the hotel dining room a large and comfortable dinner was served by the President Cuthbert and several Board members.

At the close Mr. Jeffery expressed the sincere thanks of the Association for the welcome and reception tendered them by the town of Gleichen and the members of the Association who had enjoyed the drive into Gleichen and their visit, and stated it was the wish of all to be able to return at an early date. He said the organization was steadily growing, receiving applications from small town merchants for admission and anxious to give country merchants every assistance.

They were most pleased with the attendance of the country members from eastern territory at the Gleichen meeting.

Mayor Percall acted as toastmaster giving an outline of the history of the town of Gleichen followed by the words of the Gleichen Board of Trade and also emphasized the hearty welcome given to the Associated Grocers for this particular visit in Gleichen.

PLEASANT ST. ANDREW'S W. A. MEETING

A special meeting of the Women's Auxiliary of the Gleichen Anglican Church was held at the home of Mrs. M. A. Pifer, northwest of town, Mrs. W. H. James presided. Mrs. Douglas James acted as secretary. Very important business was discussed and many necessary arrangements were made in view of the fact that this is the last meeting to be held for two months. It was decided to postpone the Sunday school picnic until some time during the month of August, which will be held at the river and the "cave" will be financed again by the Women's Auxiliary. A most delightful lunch was served. The following ladies were present: Mesdames Cuthbert, Bates, Palmer, Daines, D. James, Beach, Bates Sr., W. H. James, Pinder, H. Buckley and L. A. Pifer. Mrs. H. Buckley with L. A. Pifer acted as hostess.

A new style alchemist has been developed by the United States Air Corps. It is a small, light, portable, and is used for the purpose of detecting and locating underground stoves and other hidden objects.

"Romance of the Underworld" is a story of the underworld in which she played the part of a consort of crooks. Her work among the film colony and the public, and she has come right back with an almost similar characterization in "Romance of the Underworld," which comes this week to the Gleichen Community Hall.

Her success in this Irving Com. picture is even more pronounced than in the earlier one, and she is in line for equally important roles in the future.

"Romance of the Underworld" is played on Paul Aron stage play of the same name. It abounds in thrills and is notable for the superb acting and the splendid direction. Robert Elliott also has been seen.

# BLACKFOOT COUNCIL TO ATTEND WEED CONFERENCE

Drumheller, Saturday July 6th

The members of the Blackfoot District Council and weed inspector have decided to attend the weed conference at Drumheller Saturday, July 6th, and are anxious that all farmers, councilors and weed inspectors should also attend. This conference is to be a very important one and the farmers will have an opportunity of learning much to their personal advantage.

# ENCAMPMENT OF INDIANS VERY BEAUTIFUL

The Blackfoot Indians have been preparing for their annual Sun dance for sometime and Sunday many people from all over the district visited the big encampment, which is located near the Bow River south of town and a couple of miles east of the bridge.

Each year the Indians show improvement in their techniques and the general layout of the encampment, and the year improvement is particularly noticeable and it is a picturesque sight indeed with varied colored tents of dimensions quite artistically arranged.

The Indians, too, are changing gradually in many ways, both in dress and otherwise. This, of course, is due to the education they are receiving and the younger of both sexes cheerfully enter into conversation with visitors answering questions to the reservation, and see young trees with their branches stripped off and bigger trees split from top to bottom that will most certainly die.

It is desired that school teachers matter to boys in their charge, in the event of this letter failing to come before the eyes of parents, and it is hoped that everybody will co-operate with the school people in preserving the trees in the park without the necessity of sterned procedure to prevent the destruction of them.

Yours truly, CANADIAN PACIFIC RAILWAY CO.

Go on your place, but please as you go.

Prisoners enjoy music and always listen eagerly for the opening bars. A man who is clever enough to be boss at home is also wise enough not to brag about it.

Saturday Night GLEICHEN COMMUNITY HALL

# TAG DAY REALIZED \$37.86

The tag day put on last Saturday by the ladies of the Gleichen Canadian Club to raise money to give the children of this district a good Dominion Day—next Monday—proved quite successful, the sum of \$37.86 was realized.

A few months back Mary Astor signed up with Fox Films and made known her wishes to do some acting. She was put to that test, and a severe one, being assigned the feminine lead in "Dressed to Kill," a story of the underworld in which she played the part of a consort of crooks. Her work among the film colony and the public, and she has come right back with an almost similar characterization in "Romance of the Underworld," which comes this week to the Gleichen Community Hall.

A statement of the receipts and expenditures will be prepared and published in these columns as soon as possible after the event is over. Pupils all in circle at the front.

"God Save the King"

At the finish Master Frank Malloy and Frank Michael presented Miss Young with a beautiful bouquet of flowers as indicative of the pupils' appreciation of her efforts, after which the ladies served ice cream and cake to all present.

THIRLING CROOK HERE SATURDAY

Regal beauty—especially in pictures usually is fatal to a Canadian actor. For Mary Astor, Fox Film player, who has been called the "Patience of the Screen."

# CORRESPONDENCE

(The Call must not be held responsible for the opinions of correspondents.)

Gleichen, Alta. June 21st, 1929

Editor:

Dear Sir—Would you kindly allow one of your columns to announce the notice of parents of the boys who are doing a large amount of damage to the trees in the park just south of the railway.

It is certain, of course, that the persons referred to have no knowledge whatever of the vandalism which is going on, and it is preferred that this public warning be issued before other action. This damage must cease at once.

The park is the one and only public spot of any beauty in the town of Gleichen. The Canadian Pacific Railway just the trees there at a large expense, and the growth has flourished in spite of the fact that the railway has made every effort on the part of Gleichen citizens; but at the same time it is felt that their trouble split from top to bottom, and that the matter is drawn to their attention in this manner they will at once take steps to stop this vicious destruction.

Some of the trees have grown large enough for boys to climb up them and slide down the branches, with the results that one or two of the trees there have their trunks split from top to bottom, trees that could not be replaced for twenty-five dollars, to say nothing of the unsightliness of such destruction in a pretty place like the park undoubtedly is.

Go and look at it, look at it particularly on the side nearest the Indian Office, look at it on each side of the track leading to the reservation, and see young trees with their branches stripped off and bigger trees split from top to bottom that will most certainly die.

It is desired that school teachers matter to boys in their charge, in the event of this letter failing to come before the eyes of parents, and it is hoped that everybody will co-operate with the school people in preserving the trees in the park without the necessity of sterned procedure to prevent the destruction of them.

Yours truly, CANADIAN PACIFIC RAILWAY CO.

Go on your place, but please as you go.

## Noxious Weeds:-

Are unsightly in fields and gardens and along roadsides.  
Rob the soil of valuable plant food.  
Occupy space which should produce grain.  
Reduce the grade of the threshed crop.  
Cost money to thresh, haul and ship to market.  
Entail heavy losses in dockage.

The first week in July has been designated as

## WEED WEEK

and a special campaign urging the eradication and control of noxious weeds will be conducted.  
Watch for articles in the press and for announcements of meetings and radio addresses.  
Published by a committee representing the—

## VANDALISM IN C. P. R. PARK

Officials of the C.P.R. visited Gleichen one day last week and spent sometime examining the trees in the park south of the track, and expressing themselves as very indignant over the ruthless manner in which the trees have been mutilated, and, indeed, are quite determined such destruction must be stopped and that at once. Every boy loves to climb trees, and these officials were once boys themselves and fully recognize the temptation is only natural, and in view of this asked the Call to sound a friendly warning to the boys, their parents and guardians, before taking action. Yet they are very firm in their denunciation of such ruthless destruction, and if it continues examples of the first caught will be made. It is only right that some action should be taken to stop further destruction and every good citizen of Gleichen will most heartily co-operated with the officials in aiding them in every way possible. The officials are not averse to the citizens of this town or others making use of the park, and are quite willing that swings be erected for the children, places may be held there and all the advantages taken of this beautiful spot. All they ask is that this is that reasonable care be taken of the trees and grounds.

Furthermore, they will be pleased, if the people of this town will take a live interest in the park and will make it more beautiful each year.

It is up to all good citizens to aid in this.

There has also been some damage done to trees along our streets that should receive attention. One tree has two deep knife cuts in it that was made by no small boy and there will be trouble if some definite effort is not made to stop such depredations.

## ALWAYS BE CHEERFUL

Gleichen is afflicted with too many fair-haired citizens. People who cannot see it is too their own advantage as well as others to throw out a word of cheer in season and out of season.

Take it just now—our town is quiet and so is this. It is the time when every man, woman and child should be busy. And they cannot be busy and around town at the same time.

If the farmer is not busy now he must suffer later—the short of the products he must have to dispose of to get the cash later.

Then why should trades people look sour and when spoken to growl that business is slow and the future gloomy.

Remember your customer is busy preparing to give you business later and a smile or word of cheer goes a long way with him after he has been working hard and hardly anyone to talk with.

Cheer up at all times and cheer up the other fellow. You will feel better and so will he.

## NO DEGREES IN THE SHADE

It is 85 in the shade as this is being written with every prospect of being warmer. Half an hour ago a young mother was giving her baby an airing in his buggy. Myster baby was fair from happy and didn't mind letting every one know it. Mother was dressed in a cool white sleeveless dress and wearing a shady hat. Baby was wearing a hot woolen close fitting hood tied under his protesting little chin. He was tucked tightly in to the buggy with several layers of blanket and on the top of that a nice warm woolly shawl, and although they could not be seen, it is almost certain he was wearing woolen stockings.

Comparing mother's warm day outfit with baby's, is it any wonder his protests were loud and long. Baby feels the heat just as much as mother does and suffers more because he cannot make himself comfortable. He has to wait until some one else thinks to do it.

In the summer heat baby's clothes should be the minimum. If a mother

has any doubt, let her slip her hand inside baby's clothes and if the little body feels moist then he is too warm. Clothes lightly and cover lightly so that the air may circulate freely over the skin. This keeps him cool. Give him cool boiled water between feeds. He gets thirty two during hot days. Do these things and a happy contented baby will be the result.

For "Summer care of babies" send to the Canadian Red Cross Society 407 Civic Bldg., Edmonton, Alta.

## Threshing Results With Combine, Windrow, Pickup

IN DAYS

A 7-acre field of oats was divided into two equal parts. One part was swathed on August 20 and threshed on August 21. The remainder was harvested with the straight combine on September 26. The entire crop was clean, uniform and stood up well. The moisture content of the swathed portion was 21.2 per cent when swathed and 8.8 per cent when threshed. The swather and pickup left 12.20 lbs. of grain per acre on the ground. The straight combine portion had a moisture content of 8.13 per cent when threshed. The swather and pickup left 12.30 lbs. of grain per acre on the ground. The straight combine left 57.2 lbs. It should be noted that the greater portion of the swather loss was occasioned by one swath falling partly in a dead row in which the pickup was operated with difficulty. Over the remainder of the swathed portion of the field the loss was almost nonexistent. This would indicate that oats sustain a much greater loss from shelling while waiting for the straight combine than does Marquis wheat. The same is equally true of barley and fall rye.

Questions on the combine were sent to six hundred operators in the Prairie Provinces. Up to January 3, 275 were returned. Of this number 43.4 per cent of the machines were used entirely as straight combines; 37.4 per cent were used partly as straight combines and partly with swather and pickup. The remaining 19 per cent used the swather on the entire area harvested. The total area harvested by the 275 machines was 100,200 acres which is an average performance of 615.5 acres for each machine.

Assuming that 615.5 acres is the average performance for all the combines used in Western Canada in 1928 then the total area harvested by this means was approximately 2,700,000 acres. This about 72.5 per cent of the total area in grain crops. It is evident that the combine is here in sufficient numbers to have a marked effect on harvesting.

## NON-STOP TRACTOR TEST

The University of California recently operated a Caterpillar Twenty tractor for a non-stop run of 17 days and nights, in actual farm work. This test of a tractor was part of the University's general research study to determine the causes of engine wear as affected by the character and condition of lubricant used.

After the test was completed the tractor was tested in the condition in which it finished, without adjustment or any changes being made, for maximum drawbar pull. The maximum pull obtained was 3,000 pounds, and 21.09 more than the rated power of the tractor. The test was run in second speed.

## It's The Money You Spend Wisely That Counts

SOMEONE has said that a rich man has more fun keeping a budget than a man of moderate means. Because the money he saves is tangible, he can see it and invest it, and put it to work. Be that as it may, a budget is an invaluable help to anyone.

A budget helps you keep the right proportions between expenses, prevents you from spending more than is best for food and rent, or crimping more than you should on entertainment and luxury. But a budget is not a reason for getting cheap things, things in which you forfeit quality by attempting to save on price. A budget says to you: "Here is the amount of money you should spend for this. Spend all of it, but don't spend more." And it is up to you to get the best that can be got for that amount.

The person who spends his money wisely, who likes to get the utmost for it, always finds out from advertisements how he can spend it to the best advantage.

It is surprising how much more wisely you can buy if you make it a habit to read advertising. A little more value here... a little better workmanship there... in this thing slightly more durability... that product perhaps a bit finer. And every cent of money you spend for advertised merchandise will bring you greater comfort, a higher quality of goods, and a standard of excellence that is nationally recognized.

It certainly pays to read the advertisements

Gross yield 33.85 bushels per acre. Per cent loss 1.85 per cent. (Straight Combine)	Per Acre
Grain lost behind knife	14.68 lbs.
Grain thrown over by combine	9.8 lbs.

**INTERESTING LETTER**

BY MRS NORBERG  
FROM PANAMA

The appended extracts from a private letter received by Mrs. Jeno. W. Evans will be read with much interest and are taken from a letter written to Mrs. Norberg, who, with her husband, Adjutant Norberg, was formerly in service of the Canadian Army Expedition Home at Gleichen. They are now in charge of Army work in Panama.

It will be four months tomorrow since we arrived in this new land. The time has gone very fast and we hardly realize that we have been here so long. The hot season is over which I am glad of. It was very trying at first to get used to the heat. We all wash breakfast at 7 and by the time I find the dishes washed and the seeds made up I was washed through with perspiration and then I generally go to have a shower bath and change up at 12, the same at four I had to change again and then again before meeting at night I suffered terribly. But we have nicely got over that now. Some times I look like I have been dragged up out of the river, but I don't feel it. If I sit down for a while I soon get dry. The beauty of it is that I have never caught cold since I came.

The rainy season has now come, and we have rain nearly every day, but it does not rain like in Canada. It comes in torrents for a day or two without a stop, and then the sun comes out with all its power, and dries up everything within half an hour and we wonder why we had only dreamed that it had rain for two of three days. Nobody can venture out while the rain lasts. The natives are deadly afraid of it, they get fever they claim. Everything is at a stand still.

Everything is lovely now. The rain is simply wonderful, and the country is grand. There is something so fascinating about this country. Something you cannot explain. It seems to get hold of you in spite of yourself.

We have a real good work here. They make real good warriors then West Indians. Some of them are very childish but you forget that when you remember who they are.

We are kept very busy with the army. I am trying to look after the teen-agers and it is some job. When they get around 14 or 15 they are lost rays of them.

Morality is very low and they live a dreadful life. Very few get married. They just live with some one. Then they quarrel, and go to somebody else and that is the way they go on. The way is so full that the Government is stopping the West Indians from coming in to the Republic, and our work will eventually have to be turned into Spanish. Pearl, my daughter, is going to the Spanish school and is getting along splendid. We thought it the best thing for her to get Spanish right away. It will put her back but we don't mind. The real Spanish are very nice, but they are such mixtures here.

We don't associate very much with the white people. Some of them have little if any use for our people, so we find it best to stay with the people we work amongst.

The Canal Zone is simply lovely. We are often asked to take the Service at the YMCA, so we meet some very nice people.

We have also the privileges of the Zone and that entitles us to do our shopping there. If we did not have that we would have to get along on

native food and I am afraid adjutant would starve to death on it. They just keep one big supply store and you are limited by tickets which is issued by the Panamanian Government to the people who work in the zone. We happen to have three corps and schools there and adjutant, being the colonial officer, finally got permission and that adds greatly to our happiness. We are glad we are here, and look forward to spending many happy years here.

## CALGARY EXHIBITION AND STAMPEDE

JULY 8-9-10-11-12-13, 1929

At no other place in the world can such wonderful fair features be seen as the morning western street displays Tuesday and Thursday mornings, the cowboy and the marvelous opening feature, the monster stampede parade, which starts Monday morning at 10 o'clock on July 8.

Another large new exhibit building to be called the Willing Building has been provided this year, and a good start has been made towards the saving of the main roads and walls within the exhibition grounds.

Special preparations have been made to accommodate the thousands of visitors expected in Calgary during Stampede week. The Palliser Hotel officials are adding four more stories to the big hotel at a cost of nearly \$4,000,000, and two of them at least will be ready for Stampede week. In addition a special accommodation bureau will list the space available at private homes throughout the city, while two modern automobile tourist camps and an up to date air port will also be available.

Exhibition and Stampede visitors should plan to enjoy a few days at Banff and Lake Louise, Canada's famous mountain resorts.

Special passenger fares will be in force from Saskatchewan, Alberta and British Columbia mainland points and special tourist rates are in force from anywhere to Banff and Lake Louise.

Calgary will be the site for the big western celebration this year, and the exhibition and the directors of the exhibition extend a hearty welcome to all visitors.

Exhibition entries close June 22nd, and Stampede entries close July 1st. Prize lists may be obtained on application to Guy Weidick, manager of the Stampede, or R. L. Richardson, General Manager, Exhibition Grounds, Calgary, Alberta.

A new "gas-tank" locomotive is being tested on railroads in England.

So sensitive is a powerful pneumatic apparatus developed in Eng-

Everything  
you want or need  
in a modern  
automobile

Until you ride in the Ford car — share its comfort—know the thrills of guiding it easily and safely through thickest traffic or stepping it up on the open road, you cannot begin to appreciate the value that has been built into this car.

It is difficult to believe that so much beauty, quiet comfort, safety, speed and power can be had at such a low price.

The low price of the Ford car and its exceptional performance are the result of manufacturing practices as unusual as the car itself. This car is more than a new automobile; it is the advance expression of a wholly new idea in modern, economical transportation.

For here, at a low price, is everything you want or need in a car—beautiful low lines and choice of colours; remarkable acceleration; 55 to 65 miles an hour; smoothness at all speeds; four Houdaille hydraulic shock absorbers; slant-proof glass windshield; a low first cost and economy of operation and Ford reliability and long life.

Come in and let us demonstrate the performance of this car. You'll get a real thrill in driving it.

## TENDERS WANTED

SEALED TENDERS addressed to the undersigned and endorsed on the envelope "Tender for Indian Residential School on the Blackfoot Indian Reserve near Gleichen, Alta.", will be received up to noon of the 28th day of July, 1929, for the erection of the above mentioned building.  
Plans and specifications may be seen at the Post Office at Calgary, Bassano, Lethbridge, Medicine Hat, at the Indian Office at Gleichen, Regina and Winnipeg; and at the Department of Indian Affairs, at Ottawa.  
Each tender must be accompanied by an accepted cheque on a chartered bank of Canada for ten per cent of the amount of the tender, payable to the order of the undersigned (Wards of the Dominion or Canadian National Railway Bonds will also be accepted as security, or Bonds and cheque if required to make up an odd amount) which amount will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for.  
The lowest or any tender not necessarily accepted.  
DUNCAN C. SCOTT,  
Deputy Superintendent General,  
Department of Indian Affairs,  
Ottawa, June 13, 1929.

The death of Wallace H. Kelly occurred at Eventide Home last Friday 70 years. Emily Tanner conducted the burial service Saturday at the Eventide cemetery.

Isaac Peters passed away at the age of 80 years on June 19th, 1929. The funeral took place on Friday at the Eventide cemetery with Emily Tanner conducting the service.

## Town & District

That was a dandy rain Monday night—more like it will be appreciated.  
The tourist is beginning to arrive in fair numbers and the new auto camp is found very useful.

Secretary Murray now has a stenographer to assist him in his work and is recovering from his severe attack of rheumatism.

It will be noticed in this issue that J. O. Bogette is now the Gleichen salesman for the Pontiac Auto and he states already he has turned over quite a number of these cars.

L. A. Leaven, formerly of the Meadowbrook Hardware Co., at Cluny, is leaving for Manitoba to make his home there in future and will sell all his household effects by public auction Wednesday, July 31. Roy M. Allen is the auctioneer.

Mrs. Clifford, of the Rose Tea Room, presented the Call with a box of the largest strawberries we ever saw. They were delicious and made fine luncheon—thanks.

The ladies' Circle of the United Church strawberry festival proved a grand success, some \$57 being realized. All the good eats were cleaned up and quite a number food is being forwarded. There was plenty of hard work for the ladies and the donations of delicious cake, cream, etc., were appreciated.

A thanksgiving service for the complete restoration of the King's health will be held in the Community Hall Sunday, July 7th, at 11 a.m. It is being held under the auspices of the local Canadian Legion I.R.C. League and Chaplin Roy J. R. Davies will be in charge of the service. A collection will be taken for the Alberta Sanatorium.

The latest suggestion is that the livery barn owned by Mr. G. T. Jones be acquired and torn down for the purpose of building a covered rink in Gleichen. Mr. Jones offers to accept \$1200 for the building, which contains a great amount of boards as well as 2x4, 2x4, and 2x4 timber. Some estimate there is ample timber for for two layers of boards on the rink. The cost of forming here the actual cash required would be about \$4000.

Naturally since the show Saturday night all the small boys are talking light, and some favor having a free-for-all night soon. The most popular is a match between Willie Brown of the "Gosse Emporium" and Louis Mitchell of the "The Founding Academy" while Dad Pinder kindly offers to give fair play at catch weight.

Lost in trotting each year and starts the country side with a roar of fire. This thing will too his 20-lb. game fairly strake. Lost about his of hot but Bill says will be to do his talking between the ropes. "Bill is Bill's trainer, but Lou won't name him."

After wondering about for many years Mike Brown has returned to his first location in Alberta and is now busy erecting a pool hall at Nampa. About twenty years ago he first located at Nampa, built a general store, followed with a lumber yard, a livery barn, then a butcher shop, grain chopper, hotel, etc., and in a short time built up a fine flourishing concern. In due time he was elected mayor and besides having a full number of Councillors a worthy chief of police. With his worthy's departure the place grew languid and finally a fire practically cleared it. However, Nampa again flourishes and buildings are going up, and Mike is about to revive the town council, with A. Lewis something like this. Mayor Mike Brown, Aldermen Baker, Lewis, Watts, Ley, Bremner. Mike will keep Nampa in the limelight from now on and believes that no chief of police will be required in sacred memory of the first chief who crossed the great divide a few years ago.

The Catholic Women's League will hold a cushion and home-cooking sale (Saturday afternoon and evening, at 3:30 p.m.). In W. R. Brown's building next to the Bakery shop. Tea will be served. Everybody welcomed.

## QUEENSTOWN PIONEER HAS PASSED AWAY

The death of George W. Willard occurred at the home of Mr. and Mrs. Henry Willard on Monday 17th. Mr. Willard who had reached the age of 70 years and 1 month was taken ill with a paralytic stroke about a week previously and, though he retained consciousness until the end he did not rally and passed away quietly early Monday morning. Mr. Willard came to Alberta, taking up a homestead in

## UNITED SUNDAY SCHOOL PICNIC

THURSDAY, July 4th  
Sunday School of the Gleichen United Church held a meeting with the purpose in view of arranging the annual Sunday school picnic. It was decided to hold the same on July 4th on the river camp grounds where it was held in 1928. The necessary committees such as sports, transportation, lemon and ice cream, prizes and food were appointed and everything is now in readiness for the big children's day July 4th, which will be the annual Sunday School picnic. It is just possible that a somewhat different location will be decided upon, but should this happen it will be made public in due time. The newly proposed location would be near the well-known swimming pool at the North Camp. Any inquiries regarding the picnic can be made with the superintendent of the Sunday school, Mr. J. R. Doolley.

Mr. Nanton district, 28 years ago. When there he moved to the Red Deer district. Now for the past 18 years he has made his home with his son Henry and Mrs. Willard near Queenstown. The immediate relatives are: two brothers, William of Eugene, Ore., and Frank of Louisiana, two sisters, Mrs. Clapton of Mesa, Arizona, and Mrs. Hickson of San Jose, Cal., two daughters Mrs. Randall of Exeter, Cal., and Miss Maude Willard of San Francisco; and one son, Henry, of the Willard school district. There are three grand children in California and four grand sons here with whom he has lived now for many years. Mrs. Gosh of this district is a grand daughter.

## Canada's Birthday

Come on Monday, next July 1st our Store will be closed all day.

On Saturday night, June 29th, we close our Bixby's Center, and the Tackey and most popular School Girl in the district gets her like. Vote us telling up and we expect some heavy orders from Country School Districts to Saturday—the Closing Day.
